

Finding out that a partner or family member has accessed child sexual abuse material (CSAM) or has been involved with child sexual abuse is devastating.

You are not alone.

PartnerSPEAK recognises that partners or close family members are also victims of these crimes and need support.

Our peer support workers have lived experience and know the journey ahead. We are here to walk alongside you for as long as you need us.

If you are concerned that someone may be accessing child sexual abuse material, call Crimestoppers on **1800 333 000** or **crimestoppers.com.au**

If a child is in immediate danger call **000** or your **local police**.

PartnerSPEAK acknowledges Aboriginal and Torres Strait Islander peoples, the First Australians, whose lands, winds and waters we all now share, and pay respect to their unique values, and their continuing and enduring cultures which deepen and enrich the life of our nation and communities. We pay our respects to them and to Elders past, present and emerging.

PartnerSPEAK is a nation-wide service that walks alongside non-offending partners, family members or any non-offending people whose life has been impacted by a persons involvement with child sexual abuse or child sexual abuse material. Our role is to support you through this process.

You can anonymously join our online support forum or call a peer support worker. We also offer peer support with police interactions and court.
